Our Story

*To uplift children and support families through quality early childhood education
in a nurturing, Christian environment.*

SonShine Learning Center started as a vision of Mendota Heights United Church of Christ in 2003. After much hard work getting classrooms ready to welcome children, we opened our first licensed childcare center in April 2003.

We welcomed our first students in June 2003.

As we continued, we noticed a growing need in the community for infant care, so we began offering care for infants as young as six weeks old.

In 2012, we expanded to add four beautiful preschool and pre-kindergarten classrooms at our Mendota Heights location. Today, we are licensed to serve more than 100 students at that location.

In 2013, Luther Seminary announced that their center, Wee Care, would be closing after serving the seminary and surrounding community for more than 30 years. SonShine heard about this closing and offered to continue the service in Wee Care's absence. We opened our second site in the summer of 2013.

Like Luther Seminary, Central Baptist Church was considering closing their center. So, in 2014 we opened our third site in Central Baptist Church near Snelling and University in St. Paul.

We give thanks for our continued growth and ability to adapt to change. In the same way that we welcomed the first family in 2003, we welcome yours today. Thank you for allowing us to keep pursuing our original mission: to uplift children and support families through quality early childhood education in a nurturing, Christian environment.

PROGRAM PLAN

SonShine Learning Center provides children a safe and secure, supervised, educational and recreational learning environment in a Christian atmosphere. The staff, program and facilities create a warm and friendly environment for channeling children's energies and meeting their individual needs.

We use the Desired Results Developmental Profile as our framework to define goals and objectives that promote physical, intellectual, social, and emotional development.

Infants

Our infant program provides close care and attention to each child as they develop physically, mentally and emotionally. We are licensed to serve 16 infants, six weeks to 16 months old. Caregivers work with the children and their parents to meet the needs of each family and follow their schedule until that schedule naturally begins merge with the other children in the group.

The staff aid in nurturing the child's development. They help children work toward crawling and walking. As new foods are introduced, they allow opportunities for children to explore them, and feed themselves when they are ready. Gradually, children begin eating at a table, playing outside, and napping once a day on cots.

Toddlers

Our toddler program provides the proper guidance needed to develop self-help skills, social and emotional skills and creative expressions as well as sensory stimulation, language development, small and large muscle skills and ever-widening cognitive skills.

This classroom is licensed for 21 toddlers, ages 16 months to 33 months. Children in this classroom eat at a table and play on the playground. Potty training may begin in this room and children begin preparing to be in the preschool program.

Preschoolers

The SonShine preschool program includes a focus on language development, cognitive skills, sensory and perceptual acuity, gross and fine motor development and a variety of other activities. We work to improve children's listening skills and promote interactive play. The preschool program is licensed to serve 30 children ages 33 months to five years old.

Nap/Rest Policy

1. Our nap/rest time is from 12:30-3:00 for Toddlers, and 12:45-3:00 for Preschool.

3. Naps and rest will be in a quiet area physically separated from children who are engaged in activity that will disrupt resting children. There are clear aisles between the cribs and cots that are each placed directly on the floor and not stacked while in use.
4. A child who has completed a nap or rested quietly for 30 minutes, will not be required to stay on a cot or in a crib or bed.
5. We provide fitted crib and cot sheets for each child that we will launder weekly or more frequently if needed. Parents/Guardians may provide a blanket for their toddler and Preschool age children no larger than 3' x 3' that must be taken home and laundered weekly. No pillows, quilts, comforters or other soft products will be placed in infant cribs.
6. Each child will have their own cot or crib labelled with their name. All cribs are safe and sturdy and meet the Federal Regulations and safety standards. The cribs are routinely inspected.

Drug And Alcohol Policy

Any person who is, or appears to be, under the influence of or has in their possession any illegal drug or alcohol substance will immediately be escorted off of the premises and the proper authorities will be notified. If this person is a staff member their employment will be terminated immediately. If this person is a parent or guardian of a child enrolled at the center they will not be allowed to remove their child from the center. In any situation where we suspect someone is under the influence of a substance the police will be called.

Firearms

SonShine Learning Center bans firearms on the premises. Anyone carrying a firearm will be asked to leave the premises and local law enforcement will be notified.

Referrals For Screening

Child care providers are considered a primary referral source for early intervention under federal IDEA special education law. We are required to refer a child in our program who has been identified as having developmental concerns or a risk factor that warrants a referral. While this is a mandate, we want to keep open communication with parents and caregivers about their child and any concerns we have before a referral is made. We can assist the parent with the referral or partner with them in the referral process. HelpMeGrow.com is the resource we would most likely use to make the referral.

Suspected Abuse

If staff at SonShine Learning Center suspects a child to be the victim of abuse or neglect, they are legally required or mandated to report the suspected abuse. If this suspected abuser is a parent or guardian of a child enrolled at the center, they will not be allowed to remove their child from the center. If necessary, staff will call 911 to ensure the safety of that child. If you would like more information on reporting abuse please talk with your child's teacher or the director and they will provide you with the Minnesota Statutes, section 626.556(2001) Maltreatment of Minors Act.

Privacy

Children's Files

We value your child's privacy. All children's files will be allowed to be viewed only by SonShine staff, DHS, consultants, and accrediting bodies. The files will only be viewed on a need to know basis.

Pictures

Please refrain from taking pictures of children while they are at SonShine.

DISCIPLINE

Behavior Guidance

Teachers will focus on a positive approach to behavior, through positive role modeling. Reinforcement of desirable behavior will encourage children to conduct themselves in a positive manner. Parents and staff will work together to set expectations in a group setting based on the child's developmental needs. If the child demonstrates inappropriate behavior, the teacher will immediately discuss the situation with the child so she/he will understand why the behavior is not appropriate. Staff are trained in positive conflict resolution, and will employ this method in cases of disputes.

Redirecting a child's attention will be used whenever possible. Positive conflict resolution will be employed when possible. Children may be restrained by being held, if it appears that he/she may hurt themselves or others. Children will not be punished for lapses in toilet training.

At no time will any child in SonShine Learning Center be subjected to corporal punishment, which includes (but is not limited to): rough handling, shoving, hair pulling, ear pulling, shaking, slapping, kicking, biting, pinching, hitting or spanking. At no time will any child be subjected to emotional abuse, which includes (but is not limited to): name calling, ostracism, shaming, making derogatory remarks about a child or the child's family, or using language that threatens, humiliates, or frightens the child. Children will not be separated from the group except under circumstances outlined under the SonShine separation policy. Children will

not be punished for lapses in toileting. Food, light, warmth, clothing or medical care will never be used as punishment for unacceptable behavior. The center will not use physical or mechanical restraints, other than physically holding a child where containment is necessary to protect the child or others from harm.

It is reasonable to expect children to follow basic rules of honesty, courtesy and fair play. If, however, a child has difficulty meeting these expectations on a regular basis, a parent/teacher conference will be scheduled to decide what action is needed to remedy the situation.

Separation Policy

No child between the ages of six weeks and 16 months will be separated from the group as a method of behavior guidance. No child may be separated from the group unless the teacher has tried less intrusive methods of guiding the child's behavior which have been ineffective or the child's behavior threatens the well being of the child or other children in the center. A child who requires separation from the group must remain within an unenclosed part of the classroom where the child can be continuously seen and heard by a staff person.

When separation from the group is used as a behavior guidance technique, the child's return to the group is contingent on the child's stopping or bringing under control the behavior that precipitated the separation. The child must be returned to the group as soon as the behavior that precipitated the separation abates or stops.

All separations from the group must be logged daily with the child's name, staff person, time and date. Logs will indicate what less intrusive methods were used to guide the child's behavior and how the behavior continued to threaten the well being of the child or others.

COMMUNICATION

Parent Visitation

Parents are permitted to visit the center during the hours of operation whether it be announced or unannounced. All visitors must respect the privacy of children in the program and refrain from sharing any identifiable information about the children. This includes but is not limited to verbal or written information, images, pictures, etc.

Open Communication

The center's staff is committed to providing an environment which encourages the child's growth and learning. Parents are encouraged to identify concerns directly to the center when they feel their needs are not being met. Parents are also welcome to contact the SonShine Learning Center Board of Director's with any suggestions and concerns.

Parent/Teacher Conferences

Parent/Teacher conferences are planned and offered by the center staff at least twice during the year (spring and fall). During the conference the teacher and parent will discuss the child's overall development. Parents will receive a written assessment of the child's intellectual, physical, social and emotional development. Parents will be notified when these are scheduled. A parent may also request a conference at any time.

GRIEVANCE PROCEDURES

Grievance By A Parent, Guardian Or Staff

2. If there is a grievance over the child care program or procedure, direct contact with the teacher or director should be made. The complaint should be made either verbally or in writing and should allow seven days for a response.
3. If the individual making the complaint feels that it is being ignored or if the matter is of a serious nature, the complaint should be made in writing to the director. Depending on the nature of the complaint, the director will either handle it personally or refer it to the owner or their superior. The director will be responsible to see that the grievance is handled properly.

Grievance - Staff Member

If there a parent or guardian has a grievance against a staff member, the director will approach the staff member and give them a chance to explain their actions. If an unsatisfactory resolution of the problem occurs, then the following steps will be taken:

4. Within seven days, the head teacher or director will provide in writing how the problem will be resolved.
5. If the complaint is about the director and cannot be resolved internally, the owner or their superior will be notified.

Grievance - Facilities Or Equipment

For complaints about the facilities or equipment, contact the director. The director will see that it is repaired immediately.
